

Seed Potato Orders 2019

We would like to order from BHGS as we did last year, by mid November. We will expect delivery early in the new year. **We need your contact details**, both to let you know when they have arrived, and in case there is any query about your order. You will pay for them when you collect from us, ***but if you fail to collect and pay for them within a reasonable time, we reserve the right to sell them in the shop.***

You can indicate second choices just in case your first is unavailable. Prices will be £3.50 per 2kg pack and 80p-£1 per kg for those bought loose. This will be slightly higher than on BHGS website to allow for the delivery cost and a very small profit for the shop.

Please indicate the **number of 2kg bags** for each variety of potato (**not** number of kilos). **I will order 25 K sacks** of the most popular varieties, (**Pentland Javelin, Charlotte, Desiree, Maris Piper and Pink Fir Apple**), to sell by weight at the lower price.
